Maybe you don't even like those baby shows, but you're going to watch them, and you're going to cream your pampers like a good diaper butt. Humiliated? Good. Pretty soon you'll be getting turned on just by hearing the theme songs. Hope you don't expect to cum to anything else after you listen to this file, crinkle pants!

### Intro

This file is intended for adults 18 or older, so if you are a minor, please stop the recording and go elsewhere.

Hello there. Welcome back. You are listening to another erotic hypnosis file by Champ. If you are here with me, then you must want to be hypnotized. That means you are ready to spend some time in trance, listen to my words, and accept all that you hear.

I cannot guarantee that you will go into trance as you listen to this file, but even if you don't immediately go into trance, it's okay to pretend. Sometimes, as you are pretending to go into trance, your subconscious will follow suit and before you know it, you may find you have already entered a state of trance without even realizing it.

This is a curse file that will corrupt your mind to connect making stickies with cartoons, movies, and shows made for little babies and toddlers like you. It would be silly to continue to listen to this file when you know it's a curse... but that's what you are, aren't you? A silly baby... If you're still listening, then that must make you a silly baby. A silly baby who needs to cum in your diapers while watching cartoons. Nothing could be more innocent than cartoons and baby shows. But not for you. Because they make you so horny, and you need to wear diapers and watch baby or toddler shows to even get close to cumming. So don't expect to cum to anything else after you listen to this file

Before we begin, please make sure you are in a safe place, where you can relax and listen to my words uninterrupted. A reclining position is best, where you cannot roll or fall over. To make this file completely effective, be sure to wear a diaper whenever you listen to this file. You can all put on some silly baby shows, cartoons, or movies in the background because that's what silly babies like you need to make stickies. Once you are situated, turn off any cell phones, lights, or anything else that may distract you as

you listen to my words. If you need time to prepare yourself to listen to my words uninterrupted, pause the recording and do so now. I'll be here when you return. Are you ready to be hypnotized? Good.

### **Induction: Cartoon Screen Swap**

Now I want you to imagine yourself in a place and a time where you watched a cartoon that made you feel a little funny... You know what I mean. A cartoon that gave you that funny feeling in your pants or tummy. It could be an episode of a cartoon where a character got diapered, or babied... or maybe a cartoon character that you just found so attractive that you had funny feelings and fantasies when you saw them... it could even be a cartoon where a character got dominated or tied up... or maybe all of the above. I'm sure you can remember at least one time in your past when you watched a cartoon that gave you some funny feelings downstairs. Can you think of what you were watching? What was it? If you could think of one, that's very good. I want you hold onto that memory for now, because we will be using it shortly. If not, I'm sure you can think of a very babyish show, tv, or movie that only a total baby would watch and you can think of those instead. Either way, take a moment to lock that cartoon, show, or movie in your mind. Have you got it ready? Good.

And now, I want you to just relax. Yes relax. I want you to close your eyes and imagine yourself falling like a leaf, softly, slowly, wafting back and forth, falling falling falling down into a deep fog... the fog is so relaxing... and wherever it touches you, you can feel a pleasant tingle, like goosebumps. And as you sink into that relaxing fog, into that nice sensation, you will eventually come to rest in a place where you feel ready to be hypnotized and enter into trance. And as the fog clears away, you find yourself settled, relaxing, seated comfortably, looking at a screen. It could be a projection screen, or a tv screen, or a computer screen, or even a smart phone screen. And whatever kind of screen you are looking at, you can see that the screen is playing... a cartoon. A silly cartoon. A show for babies. But wait, it's not just any cartoon. It's the one you thought of earlier. And you remember those funny feelings you get from that silly cartoon, or baby show... as you look at the video, you realize... it's a video of yourself... in another time and place...past or future... watching that cartoon... Yes, that's right, you are actually watching yourself yourself... wherever you are when you watch that cartoon... feeling whatever feelings you are feel as you watch that cartoon... and you know that this is a moment... that will who you are, a very important moment... because this is a moment that you become corrupted by cartoons. Yes, that's right. And as you feel those funny feelings, you want to go closer to that moment... get a better look... You lean toward the screen... go toward the screen... reaching out... getting closer and closer... and as you do, the version of yourself who was watching the cartoon or show sits up, and stares back at you. You reach our hand out to the screen, and they do as well. Closer and

closer. Until your fingers touch, and in that instant, you find that you have switched places. And you are now sitting there... in that place... and you're a diaper. The screen to the place you came from has disappeared and you can just turn back to your cartoon or movie and focus on those funny feelings it gives you and drop deeper into trance... and you are feeling some very funny feelings down below... feelings that make you want to rub... rub your diapers... And you can smile to yourself knowing that you can do what you've been wanting to do. Yes, you can feel that diaper bulge in the front of your diaper. And you know that whenever you touch your diaper, it can help you relax and go even deeper into trance. It's okay, go ahead. Go ahead and rub those diapers like a good baby as you look at the cartoons and feel those funny feelings as you drop deeper and deeper... into a nice... deep... trance...

That's right... and there's something that makes this experience... even more... arousing... Do you now what that is? It just might turn you on that you're too *old* to watch that cartoon now... or at least... Maybe you think you're *supposed* to be. If it helps you can imagine that you're being *made* to watch something that is below your age... knowing how naughty it is for big boys and girls to watch something that's meant for babies. Embarrassed that you enjoy it. Aeeing yourself... masturbating to those shows now... falling deeper and deeper into trance

## Body

**And here you are, and you know why you are here, don't you?**

That's right, you are here, because you are ready to admit **the truth**, the truth that **you are listening to a cursed file... that will permanently change how you get off...** The fact that after you listen to these words, **you'll feel an incredible urge to masturbate to cartoons and baby shows**, and only cartoons and baby shows... that give you a funny feeling downstairs. Why else would you listen to my words if you know this is a cursed file? You must really want to be corrupted by cartoons until you have to cum in the most humiliating babyish way possible... by watching cartoons... and cumming in your diapers... And I'm happy to make sure that that happens.

Think of the most babyish show, cartoon, or movie you can think of. Can you name one now? Think of it... then say it out loud... good

**Imagine yourself masturbating** to that show, knowing that this is the only way you can get off.

**Imagine hearing the theme song** and getting turned on knowing that it's finally time to make stickies in your diaper. **You could probably get hard just listening to the theme song** because that theme song means **it's time to make stickies**.

**Imagine all your favorite cartoon/baby show characters egging you on** as you rub one out in your thick n thirsty diapees! Just **imagine all those cute cartoons softly encouraging you to make stickies** in your pamps... that's it... **be a baby**... there you go... that's the way... make stickies in your diapers... that's it...

**Good babies make stickies to cartoons. Good babies make stickies in their diapers. And you are going to be a good baby** when you make stickies... it feels so good to know **you are making stickies like a good baby... into your diapers... while** watching your favorite cartoons...

**It's humiliating, but you can't help it.** Even though **it's humiliating**, that doesn't stop you from doing it. **Even if you are ashamed and embarrassed** about the way you make stickies, you just can't help it. **You can try to resist** the urge to rub your pampers whenever that babyish show comes on, but **It feels so good** to sit on your blankie or in your playpen and just rub one out to the most babyish show you can find.

**whenever you watch cartoons you want to rub your diaper; whenever you watch cartoons, you want to use your diaper; whenever you watch cartoons, you feel** more of those **nice warm feelings that make you want to \*rub\* your diaper until you cum**

**Maybe you don't even like those baby shows**, but you're going to watch them, and you're going to cream your pampers like a good diaper butt. **Even if you don't like to watch those shows.** Even if they're too boring or babyish to captivate your attention, it only makes you more horny.

Because you know that **you're no longer in control** of what you watch and how you get off. That can be a big turn on, and **you can think about how helpless you are** as you rub your pampers to orgasm **in the most pathetic way imaginable.** Because whether or not you **CHOSE** to be a silly little diaper butt, you're in diapers now, and **you're going to make stickies like a good baby from now on.**

**Every time you try to make stickies like an adult**, you can find it harder and harder to do so. **Every time you try to make stickies** without your diapers and silly cartoons, you can feel the frustration of knowing that **it would be so much better** if you were in a diaper watching those cartoons.

Even if you do manage to cum, **it won't be nearly as satisfying.** because **you NEED diapers and silly cartoons to masturbate.** Say it out loud as you rub your diapers. Say "I need diapers and silly cartoons to masturbate" Say. "I need diapers and silly cartoons to masturbate. Again.

Now pick the most babyish cartoon, **the most babyish show you can think of and say it out loud as you rub your diaper**: I only get to cum watching Barney! I only get to come watching Bluey! I only get to come watching Paw patrol! Go ahead and add your own. It's your turn now. Say it. Again. One more time. Very good. What a good baby you are.

**You're creating a permanent link in your mind between the baby show and the ability to cum. That must be so humiliating when you realize what you've done to yourself.** How does that make you feel? Does it make you feel cool? No, it doesn't.

**I'll bet it makes you feel really silly.** I'll bet that if other people your age knew what you had to do to get off, they'd laugh at you. Because it's so shameful and humiliating for an adult to behave in such a babyish manner when they get horny.

But guess what? You're not an adult. You're a silly baby, and **silly babies like you don't get to have regular sex.** No, **silly babies like you have to make love to their diapees** while watching silly baby shows and cartoons. They just can't help it. Because no matter how hard they try, eventually, you'll give in to the urge and rub those pampers to baby shows until you make stickies in your diaper!

**I have a little Homework for you, diaper butt** - after you finish this file, put on the most babyish cartoon you can find and begin to stimulate yourself through the diaper; notice how it feels when you hear the theme song. Focus on the feelings you get when you realize that you have to watch silly baby shows to get off. Pick a character to focus on, a character that can tell you it's time to make stickies in your pampers. And then, masturbate as long as possible while watching that show. And telling your self... "I only get to come watching silly baby shows." And you can do this again and again, whenever you get horny, until the only way you cum is by watching corrupting cartoons.

## **Ending**

And now, it's time for me to go, and allow you to rest, or go about your day. And you can be proud knowing that you listened so well and made so much progress today just by choosing to listen to my words. And if you want to listen again, that's okay. You can listen as many times as you like. And you can return again as many times as you want until the changes you seek are complete and permanent.

On the count of five, you will awaken from your nice relaxing trance feeling alert and refreshed. One ...beginning to regain your normal awareness...Two... becoming more aware of your body, lying in a relaxed position... Three... becoming more aware of your breathing, and where you are... four... feeling so, so good as you finally come back on... 5. All the way back, refreshed, and alert remembering all the progress you made

here today. I hope you enjoyed your time with me, and I hope you return to listen again soon. Goodbye now.
