

Mini audio: Diaper Edging

By ChampTehOtter (<https://champtehotter.com/>)

[short induction]

Relax... focus... listen to my words... good.

Today I want you to put on a diaper as soon as you can, and spend the day noticing how that diaper feels. Every time you get a chance, just take a moment to touch your diaper in the way that feels best and notice how good that feels.

Notice how good it feels to stimulate yourself in the diaper. Notice how good it feels to masturbate in the diaper. But don't let yourself cum. That's right, do your best to avoid cumming.

For the rest of the day, you are going to stay in that diaper, edging until it's completely filled, and if you have a second diaper, you can repeat the process. Today, try to edge until the end of the day. Have fun, diaper butt.
